GSA's Mobile Solutions:

Providing Short-Term Vehicles In More Ways Than One.

Whatever your short-term vehicle needs — from one day or up to 60 days — GSA offers two streamlined solutions. The first — Rental Supplemental Vehicle Program (RSVP) provides flexibility and control through a Multiple Award Schedule. The second — GSA Fleet's Short Term Rental (STR) Program streamlines the ordering and procurement process for GSA Fleet customers. With both, you can count on a faster procurement with efficient ordering and fulfillment and you can have peace of mind knowing that we are 100% dedicated to meeting your needs.

RSVP is perfect for everyone's short-term vehicle needs. It provides low rates on all vehicles and assures best value, in terms of selection, availability, and service quality. That's because there are many

vehicle types available — from sedans to tractors and everything between, all from many highly qualified vendors, guaranteeing full nationwide coverage.

To find out more on the RSVP program, visit www.gsa.gov/rsvp or email onthego@gsa.gov. For additional information and prices lists, contact the National Customer Service Center at (800) 488-3111 or email NCSCcustomer.service@gsa.gov.

GSA Fleet customers can benefit from GSA's new Short Term Rental (STR) Program. It is the best route to benefit from a streamlined, hassle-free procurement, all handled by GSA Fleet's knowledgeable and reliable vehicle rental experts. Save money with the lowest available rates and realize extra time

savings with special conveniences, such as handy pass-through billing onto your monthly GSA Fleet bill and the availability of easy-to-use fuel cards.

To find out more on GSA Fleet's STR, visit www.gsa.gov/fleetsolutions or contact your local Fleet Service Representative. To submit a rental request, please call **(866) 886-1232** or email gsa_rental@gsa.gov.
