TAKE CHARGE

GSA SmartPay[®] 2 is within your reach.

A Change is in the Cards
GSA SmartPay[®] 2

U.S. General Services Administration

GSA SmartPay® 2 is within your reach.

Since you already count on your GSA SmartPay® charge card to pay for fuel, supplies, and other **fleet**-related expenses for government vehicles, you know how important it is to remember that the card(s) may no longer be used after November 29, 2008.* The new GSA SmartPay® 2 charge cards must be used starting November 30, 2008. The updated charge card program will feature enhanced customer service, new products and services, increased security, and much more. Take charge by simply using your GSA SmartPay® 2 card starting November 30, 2008.

*Some agencies may switch to GSA SmartPay® 2 earlier than November 30, 2008. Please contact your Agency/Organization Program Coordinator (A/OPC) for further information.
