

New, Expanded Services Available: Cemetery Maintenance

GSA MAS 03FAC, Facilities Maintenance and Management

Introduction to Cemetery Maintenance

Maintaining the final resting places of U.S. veterans is a sacred trust. And the perpetual care and maintenance of our country's 139 United States National Cemetery locations create a lasting tribute to those who served—and act as an ongoing inspiration to those who visit. To assist organizations responsible for maintaining these national shrines, the acquisition experts at GSA developed Special Item Number (SIN) 371-004, Cemetery Maintenance, which includes contracts with many of the most capable companies in the cemetery-maintenance field. This new SIN—which is part of GSA Multiple Award Schedule (MAS) 03FAC—provides contractors ready to provide you with maintenance services that represent the care and expertise befitting these national shrines.

We at GSA understand the specifications required to pristinely maintain these sacred properties. The care and maintenance of veterans' gravesites is symbolic of the respect, dignity and compassion our country pays to the honor and memory of those interned or memorialized there. The contractors available from GSA are familiar with your cemeteries and will help you maintain the highest possible standards.

Scope of Cemetery Maintenance

GSA MAS 03FAC offers you a complete solution. The new Cemetery Maintenance SIN is equipped to provide services for complete maintenance of the cemetery and surrounding grounds, including:

- **Traditional grounds maintenance;**
- **Tree trimming, planting and removal;**
- **Landscaping;**
- **Maintenance of irrigation systems;**
- **Drainage;**
- **Water features;**
- **Site-specific services;**
- **Special services for surrounding areas;**
- **Raising, setting and aligning headstones;**
- **Cleaning of headstones;**
- **Replacing damaged headstones;**
- **Maintenance of pathways, drives, curbs and parking areas;**
- **Trash removal; and**
- **Maintenance of existing fencing and railing.**

Products available as part of this SIN include benches, flag poles, monuments and statues.

Examples of Agency Use of These Services

Several agencies share the important responsibility of maintaining the cemeteries, soldiers' lots and monument sites. GSA's services can be used by the U.S. Department of Veteran's Affairs (VA), the VA National Cemetery Administration, the American Battle Monuments Commission, the Department of the Army and the National Park Service, as well as other federal agencies.

Services Already Included in GSA MAS 03FAC

The acquisition experts at GSA make it easy for you to access our vast selection of cemetery maintenance services, as well as a multitude of other services ready for your agency's use. When you need complete facilities maintenance, management support or specialized services—like planting trees on federal grounds or improving pest control—GSA MAS 03FAC has it covered. Available services include: electrical and utility repair; elevator inspection; elevator and escalator maintenance; facilities maintenance and management; fire-alarm maintenance; fire-suppression-system maintenance; grounds maintenance; HVAC maintenance and repair; pest control; energy-management services; dry-docking services; dockside maintenance and repairs; and preparation and painting of ships and aircraft. And, with GSA, you are assured you will be in compliance with the Federal Acquisition Regulations (FAR).
