SALE ITEMS

The following items are offered at 50% off regular price through June 30, 2001 or until stock is depleted.

Torque Wrench - Micrometer
 NSN 5120-01-374-1933
 Sale Price - \$71.34 (EA)

Capacity is 20 to 100 ft-lbs. at 0.5 ft-lb. increments. Has 3/8 inch male square drive. Torque wrench has a micrometer handle adjustment to preset the torque values. When the applied torque equals the preset torque value, the wrench temporarily releases and makes an audible click with a feel impulse. A positive locking device holds the preset torque value during use. Calibrated +4% for clockwise torquing, and +6% for counterclockwise torquing over the torque range. Furnished with a case.

Ceiling Fan
 NSN 4140-01-388-9958
 Sale Price - \$36.39 (EA)

42" diameter with 4 blades.
 White fixture with white blades. 12" drop low profile flush mount. 1.5 cubic feet of air flow per minute. Ceiling fan with three speeds. Electric motor 120v 60 Hz, single phase. Reversible Motor; 25 Weight lbs.

Ceiling Fan
 NSN 4140-01-388-9922
 Sale Price - \$43.91 (EA)

52" diameter, with 4-Blade White Motor with White Irons, 12" drop. 2.5 cubic feet of air flow per minute. Ceiling fan with three speeds. Electric motor 120v 60 Hz, single phase. Reversible Motor; 25 Weight lbs.

Crimping Tool Kit
 NSN 5180-00-831-1423
 Sale Price - \$293.68 (KT)

Kit consists of five components, including terminal crimping tool M22520/1-01, inspection gauge, wrench, M22520/1-02 turret-head assembly. Use for Bendix C series contacts: first position size 20 P and S color coded red; second position size 20/16 WW P and S color coded red and blue; and third position size 16 P and S color coded blue. Daniels P/N TH254, Astro Tool P/N 614985.

Twist Drill (Cobalt)
 NSN 5133-00-838-5245
 Sale Price - \$6.74 (DZ)

Diameter #10, overall length 3-5/8", flute length 2-7/16". Cobalt H.S.S., with standard jobbers-length flutes for general heavy-duty applications. Heavy duty aircraft quality. Jobber's (short) length drills for use in drilling hard steels, stainless steels, titanium and other hard materials. Cobalt drills maintain their cutting ability at higher temperatures which is common in drilling harder materials. Split point provides ease of penetration. These drills feature 135° split points for easier drill starting without the need for center punching. Short flute lengths are extra sturdy and suitable for drilling through thinner materials. Manufactured according to National Aerospace Standard 907.

Twist Drill (Cobalt)
 NSN 5133-00-065-0981
 Sale Price - \$6.78 (DZ)

Diameter #21, overall length 3-1/4", flute length 2-1/8". Cobalt H.S.S., with standard jobbers-length flutes for general heavy-duty applications. Heavy duty aircraft quality. Jobber's (short) length drills for use in drilling hard steels, stainless steels, titanium and other hard materials. Cobalt drills maintain their cutting ability at higher temperatures which is common in drilling harder materials. Split point provides ease of penetration. These drills feature 135° split points for easier drill starting without the need for center punching. Short flute lengths are extra sturdy and suitable for drilling through thinner materials. Manufactured according to National Aerospace Standard 907.

Machinist's Vice
 NSN 5120-00-180-0681
 Sale Price - \$33.10 (EA)

3" jaw width, 4" jaw opening Cast or forged steel machinist's vise is for machine shop use. Jaws are milled parallel and have replaceable hardened steel serrated jaw facings. Swivel base has three mounting holes, rotates to any position and has a positive locking mechanism.
