Approving Official Responsibilities Course Number 1761

The Joint Financial Management Improvement Program (JFMIP) Travel Reinvention Task Force recommended that agencies shift responsibility for travel voucher review from the voucher examiner to the travel authorizing/approving official or his/her designee.

Voucher examiners historically have been responsible for ensuring that vouchers are properly prepared according to pertinent regulations and agency procedures before being certified for payment. Such individuals should be closer to the employee in both proximity and in knowledge of the employee's need to perform official travel, and therefore better able to determine if the claimed expenses are reasonable and were necessary.

Course content includes:

- Prompt payment of vouchers
- Contract City-Pairs
- Agency responsibility
- Types of expenses covered by per-diem
- Travel of 24 hours or less
- Cancelled TDY
- Deviations for personal travel
- Requirements for voucher submission
- Actual expense
- Miscellaneous expenses
- Use of POVs
- Transportation allowable
- Receipt requirements

This course is offered as an on-site special only. For more information, please call the Travel Training Branch at (703) 605-5113 or e-mail: travel.training@gsa.gov.

#1 in Web Security!

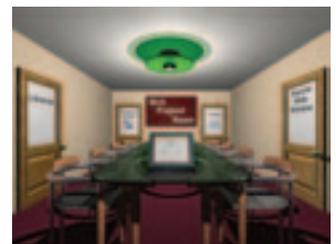

From training camp to the championship game, JGA's Web Project Room (WPR) provides you with the tools you need. The WPR is a powerful front line carrying all the applications and data storage for you and blocking out potential threats. As a thin client, all you need is a Web browser to carry your team to your project goals.

Develop your game plan with Action Items and T-Vote; gain yardage with Dynamic Insight; and lead your team to a win by making your whole project accessible securely over the Web.

Build your strategy using Secure Web Window (SW²), rather than VTC. Share what's on your computer screen with your team, across the field or around the globe.

Customize your WPR to meet your team's needs! Choose your team colors; build your team roster; or share your own software tools... all securely over the Web. You can even link all the teams in your division through a WPR corridor!

Any way you chalk it up, the Web Project Room gets your team ahead with secure, Web-based collaboration for a winning project.
