## IN THIS ISSUE

### TUNE INTO TECHNOLOGY

**G**SA is proud to announce the 2004 GSA/FTS Network Services Conference. Once again, in cooperation with our customers and industry partners, we have developed a unique and exciting program. This conference will be strongly focused on information security, managed network services, and new technology offerings. Together we will journey to Nashville and 'Tune into Technology' on August 16 - 19, 2004.

With market trends moving into a world of "Managed Network Services", new demands are being placed on government agencies and industry to develop timely and cost effective services and solutions. We need to bridge the gaps in government operations and implement new programs and solutions to ensure the Federal government has efficient, secure, and robust network solutions, which are the keys to our mutual success.

Over the years, the GSA/FTS Network Services Conferences have proven to be an economical and effective way for agencies to be exposed to the latest technologies and solutions. GSA/FTS is growing and changing to meet all of our customer's new and diverse needs. The need to come together is stronger than ever, especially in today's critically changing world.

We strive to continuously create new and better ways to proactively meet the ever changing needs of our customers. This forum is the perfect opportunity for the Federal Network and IT community, along with our industry partners, to gather together, share lessons learned, collaborate, view new technologies, and plan for the future. We invite you to join us in exploring common issues, sharing ideas, and working together to create integrated solutions for our future!

Please mark your calendar, register, and plan to join us at the conference which will be held under one roof at the Gaylord Opryland Hotel and Convention Center in Nashville Tennessee August 16 - August 19, 2004.

For more information about the conference, visit our website at

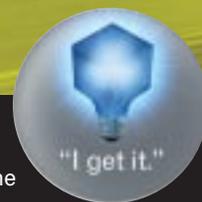

[www.networkservices.gsa.gov](http://www.networkservices.gsa.gov). I look forward to seeing you in Nashville!

Sandra N. Bates

Commissioner, FTS

GSA e-Buy

# RFQ

 Power up the buying process.

When you think RFQ, think e-Buy. Get the desktop power you need from GSA's online solution that streamlines the RFQ process for buyers and sellers. With e-Buy, you can acquire the goods and services your agency needs now – and gain access to all GSA Multiple Award Schedule contractors in *GSA Advantage!*<sup>®</sup> by Special Item Number. **With e-Buy's built-in procedures, it's easier for you to ensure that full competition and best value are factored into your acquisitions.** Expect a quantum leap forward in satisfaction and productivity. GSA is committed to advancing e-government – count on us to get what you need. To power up, visit us at [www.ebuy.gsa.gov](http://www.ebuy.gsa.gov), or call 1-877-472-3777 and press #2 for personalized help with GSA e-Buy.
