

2004 GSA/FTS Network Services Conference

TUNE INTO technology

August 16-19, 2004

Opryland Hotel – Nashville, Tennessee

Web site: www.networkservices.gsa.gov

You are invited!

The General Services Administration (GSA) Federal Technology Service (FTS) invites you to join us at the 2004 GSA/FTS Network Services Conference as well "Tune into Technology".

Conference Registration |

Registration is now open! You can register on line at www.networkservices.gsa.gov

The 2004 GSA/FTS Network Services Conference will be held at the breathtaking Gaylord Opryland Hotel and Convention Center in Nashville, TN from August 16, 2004 through August 19, 2004. We are looking forward to another successful event this year!

Exhibit Information |

GSA/FTS Network Services or Information Security Industry partners with a current (existing) contract (the prime contractor), subcontractors to the prime contractor and suppliers with contractual agreements with the prime contractor, are eligible to exhibit at the 2004 conference.

Please carefully review all the exhibit criteria and apply to exhibit on the web site at www.networkservices.gsa.gov. If you have any questions in reference to the exhibiting criteria please contact Jim McVey at 703-306-6503 or email at jim.mcvey@gsa.gov.

Track and Training Sessions |

We are offering three days of valuable educational opportunities, and most track and training sessions will allow you to receive Continuing Education Unit (CEU) credits. Here are a few of the track and training sessions that will be featured at this years event...

Track 1 – FTS 2001 Service Offerings

Track 2 – Local Telecom Offerings

Track 3 – Wireless Technologies

Track 4 – Emerging Technologies

Track 5 – Transition

Track 6 – Solutions

Track 7 – Technology Management

Dear FTS Network User:

The General Services Administration (GSA) Federal Technology Service (FTS) is proud to announce the 2004 GSA/FTS Network Services Conference. Once again, in cooperation with our customers and industry partners we have developed a unique and exciting program. This conference will be strongly focused on information security, managed network services, and new technology offerings. Together, we will journey to Nashville and "Tune into Technology" on August 16 – 19, 2004.

With market trends moving into a world of "Managed Network Services" new demands are being placed on Government agencies and industry to develop timely and cost-effective services and solutions. We need to bridge the gaps in Government operations and implement new programs and solutions to ensure the Federal Government has efficient, secure, and robust network solutions, which is the key to our mutual success.

We at FTS strive to continuously create new and better ways to proactively meet the ever changing needs of our customers. Although we work together throughout the year, this forum is the perfect opportunity for the Federal Network and IT community along with our Industry Partners to gather together, share lessons learned, collaborate, view new technologies, and plan for the future. We invite you to join us in exploring common issues, sharing ideas, and working together to create integrated solutions for our future!

Over the years, the FTS network conferences have proved to be an economical and effective way for agencies to be exposed to the latest technologies and solutions. FTS is growing and changing to meet all of our customer's new and diverse needs. The need to come together is stronger than ever; especially in today's critically changing world. We are offering three days of valuable educational opportunities, and many track and training sessions will allow you to receive Continuing Education Unit (CEU) credits. This is an effective and efficient way for you to meet your training requirements and/or enhance your job skills. You will also have scheduled time to network with your FTS accounts managers and Industry Partners to discuss your technical requirements. Our exhibit hall will offer the latest and greatest technology solutions from our FTS Industry Partners.

Please mark your calendar, register, and plan to join us at the Conference, which will be held under one roof at "The Gaylord Opryland Hotel and Convention Center" in Nashville, Tennessee, August 16 – August 19, 2004. I look forward to seeing you there.

Sincerely,

A handwritten signature in black ink that reads "Sandra N. Bates".

Sandra N. Bates
Commissioner
