

## e-TOOLS

(Starting today, the "e"  
stands for enhanced.)

GSA Federal Supply Service

GSA e-Buy

| GSA Advantage!®

## *Power up the buying process with enhanced e-Tools from GSA!*

*GSA is pleased to announce several significant enhancements to its suite of online tools. Focused on greater customer ease and satisfaction, these enhancements will launch in July 2004 and allow you to streamline the acquisition process even more than before. ■ Just think, all the advantages you've come to count on from GSA Advantage!, e-Buy and e-Library — only better. ■ GSA online tools are the way for you to get it right — saving time and money while you ensure regulatory compliance.*

### *Discover millions of products and services through GSA Advantage!*

Forget about spending hour after hour searching catalogs and making phone calls to find the products and services you want at the best value. Just visit *GSA Advantage!*, the premier online shopping source for federal purchasing agents. With more than 6 million items and 12,000 vendor catalogs available, *GSA Advantage!* connects you to everything from hardware and software to paints and chemicals.

### *GSA Advantage! — upgraded for you.*

With *GSA Advantage!*, you have always been able to search for items using keywords, part numbers and manufacturers' names. You could compare features, options, prices and delivery choices. You could even check your order status and history.

But our research showed that you wanted more features and operating ease. GSA has delivered just that with the new, enhanced *GSA Advantage!* Now, there's no login or ZIP Code required for you to search. You can browse by category or use keywords to search against all products or within a particular category.

*GSA Advantage! — the  
"everything-everywhere"  
US Government  
marketplace.*

Specialty Products

### *Speed up the RFQ process with e-Buy.*

When you think RFQ, think e-Buy. e-Buy is the innovative Internet-based RFQ tool for federal purchasing agents. Buyers can create RFQs for any of the products and services offered on GSA Multiple Award Schedules. Requirements are posted online for review by all Schedule vendors that have been awarded the Schedule/Special Item Number (SIN).

### *Simply e-Buy — the enhanced version.*

e-Buy is a snap to use. First, find the category of product or service you need, select the vendors you want quotes from, then enter your RFQ requirements and specify the time frame the RFQ will remain open. Your vendors will receive email notification of the RFQ and send you a quote for review. It's that easy!

And now, the enhanced version of e-Buy streamlines the RFQ process for buyers and sellers more than ever before. Buyers can log on easier, manually remove RFQs to history, indicate an internal reference/control number on an RFQ, automatically reissue an RFQ and quickly change shipping addresses. Sellers can access all RFQs through a single user ID/password, view attached documents more efficiently, designate a point of contact and apply a default "Your quote is good until" message.

### *Research the latest GSA and VA Schedules information with e-Library.*

e-Library is your online source for contract award information. You can quickly find sources by searching via a Schedule number or SIN, contract number, keyword, company name or category. You can also review basic ordering guidelines and find complete vendor contact information. And now, e-Library is even more powerful. The latest enhancements include improved searching, new category listings and contractor find features, and downloadable Schedule PDF files. Plus, you can access e-Library 24 hours a day, 7 days a week.

*e-Buy brings unmatched versatility to your desktop!*

Find products and services

Discover supply sources

Address complex requirements

Request big-ticket items

Leverage Blanket Purchase Agreements

Meet DoD Section 803 requirements

### *"I get it" with GSA Online Acquisition Tools.*

Electronic technology is critical to conducting business faster, easier and more efficiently within government. That's why GSA is pleased to have the opportunity to serve federal customers through its suite of online acquisition tools. As a contributor to the expansion of the electronic government (e-Gov), GSA's suite of online tools is e-acquisition in action. *To power up, visit [www.ebuy.gsa.gov](http://www.ebuy.gsa.gov) or [www.gsaAdvantage.gov](http://www.gsaAdvantage.gov)*
